DISCRIMINATION **AGAINST NEGRO EMBARRASSES** DISTRICT BOARD

Failure of Government To Call Drafted Colored Men With Whites Causes Much Complaint. Larger Percent Of Whites Needed To Fill Quotas. Present Plan Works Injustice To Both White and Colored.

The Nogro phase of the war draft has canced considerable complication in the efforts of the District Boards in silling out the required quetas, as offered by the War Department. The plan of the Government is to have been Ryrose, but the order has been given to send only whites to the cantoments, yet the entire quotas must be filled.

TYRANNY OVER THE NEGRO

TYRANNY OVER THE NEGRO

Race riots in East St. Louis afford a lurid back-ground to our efforts to corry justice end idealism to Europe. The question, as it is put hy Charles Stelsle, the writer on social subjects from a religious standpoint, is: "How can we essume to free people in Europe from tyranny when we ourselves are guilty of the werst kind of tyranny towards e deprest race." The remedy, of course, is not in abstaining from the cure af one tyranny to excuse our neglect of the other. Nevertheless, Mr. Stalzle is probably right in asserting that the East St. Louis race riots should have made every American citizen realize that we have in the Negro one of the most serious sociel problems by which this country is confront." He goutes Booker T. Washington as seving. "I can not hold the most serious sociel problems by which this country is cenfrontrd." He quotes Booker T. Washington as eaying, "I can not hold
any man in the gutter without staying there myself," end appeals
to the principle of self-preservetion as en imperetive if not the
highest motive for taking hetter care of tha Negro. In The Continent (Chicago), Mr. Stelzle declares that the simple question
whether 'he is to be a good' Negra or a 'bad' Negro' depends as
much upon the whites as upon the blacks. He calle us to lock at a
few outstanding facts in regard to our treatment of the members
of this rece.

We compel him to live in the worst parts of our towns and we compel him to live in the worst parts or our owns and cities, often without drainage or sewerage or garage service, with scarcely en's senitary conveniences in house or yard or street which whites consider en absoluts necessity.

"We drive the worst forms of immorality into the Negro quarters and then curse the Negro because of his moral waskness. It there is to be a 'red-light district' in town, It is dumped into the area into which we also dump the Negro population.
"It would be a comparatively easy matter to produce statistics to indicate that the Nagro is the worst criminal in the country. But have can be help becoming such? We subject him to the screenst tests of our city life—physical. moral, and political—and than cynically declare that the 'nigger' is no good enyway.

"The Negroes who live in these unsanitary and immoral surroundings era our laundresses, nurses, and cooks. If there is contagious disease in their own homes—end there is much of it—they are sure to bring it to our homes, after personally or through the

ragious disease in their own homes—end there is much of it—they are sure to hring it to our homes, either personally or through the laundry which we sand to them.

Washington was right. If we keep the Negro in the guttar washington was right. It we keep he Negro in this guitar, we shall be compelled to sky thera with him. We can't get away from him. It is impossible to have on ation part free and part slava, and it is still mera impossible to have in one country a storally ead physically decaying race, and e surviving race natouched by the dying race's fate. AMERICA'S OBJECT.

AMERICA'S OBJECT.

The object of this war is to deliver the free peoples of the world from the meance and the actual pewar of a vast military establishment controlled by an irresponsible government which having secretly planned to dominate the world, proceeded to carry the plan out without ragard either to the sacred obligatious of treaty of the long-established practices and long-cherished principles of internetional action and honor; which chose its own time for the war, delivered its hlow flercely; stopped at no barrier either of law er af merey, awept a whole continent within the tide of blood-not the blood of soldiers only, but the blood of innocent women and children also and of the helpless poor; and now stands balked but not defeated, the anemy of four-fifths of the world."—From President Wilson a Reply to the Pope.

New Pythian Lodge Being Organized

Like all the great citizenship of St. Louis, we were electrified by the mammoth-conclave hald by the Knights of Fythias and Auxiliary in our city last month. One could not witness the splandid exercises or read of the wondarful scoemplishments of this great institution without haing impressed with the tremendous achievements this army of men end women are accomplishing for the race. It has impressed us as one of the greatest agencies for good which is being forstared by our people.

We have taken much time to study the business methods of this order end find it has a substantial Beneficiary Department, founded upon s safe shd same insurance rate as recommended and approved by the National Fraternal Congress, and the Iusurance Department of Missouri, which is doing much to relieve the dis-tress of the worthy dependents of Pythians who have fallen in the Banke.

the Ranke. We the undersigned with many others have decided to organize a Lodge and thus assist, and enjoy the privileges of the many thousands who are now laboring under the bannar of Friendship, Charity, and Benevolence. A special Dispensation has been granted by Grand Chancellor Lloyd underwhich we can secure membership at the low fee of \$4.50.
